

Secured Payment : My Swiss Phone

My Swiss Phone website offers a secured payment solution founded on Internet standards:

- Data encryption in https (SSL 128 bits certificate).
- A trusted third party for payments: online transactions are secured by a trusted third party : Datatrans (datatrans.ch).
Information on the means of payment used by the customer are not shared with My Swiss Phone or VTX Services SA, and are transmitted directly between Datatrans platform and the customers bank.

The available payment Methods are the following:

- Mastercard
- Visa
- PostFinance
